Many investment providers have agreed to pay this fee and do not pass it along to the plan participants. Some investment providers may require that the plan administration fee be paid by the plan participant. If the participant is responsible for paying this fee it will be deducted through an after-tax payroll deduction.

Contribution Limits

Contribution limits are defined by the Internal Revenue Service each year. Based on your age and years of full-time service with your current employer, you may be eligible to contribute more than the normal annual contribution limit.
