Apply Today!

LEARN TRADITIONAL ECOLOGY
CREATE A HEALTHY ENVIRONMENT
BECOME A LEADER
PROGRAM BEGINS FEBRUARY 2022!

Traditional Ecological Knowledge (TEK) Internships Now Available

Want to learn how the Native Wintun inhabitants of this land flourished in reciprocity with the animals and plants of this area?

The TEK internship is for students ages 14-17 interested in learning the Cache Creek Wintun homeland ecology, as well as how restoration and stewardship of a damaged environment can re-create healthy water and soil.

Visit cachecreekconservancy.org to apply.

Learn:

- Leadership Skills
- Stewardship
- Traditional ecological practices
- Native American culture and history

Program will begin in February 2022 at the Cache Creek Nature Preserve/TGG, located in Woodland, CA.
