Tom Pritchard, Superintendent

Dear Parent/Guardian:

Each spring, students in grades three through eight and high school participate in the California Assessment of Student Performance and Progress (CAASPP).

This year, your child will take the following test(s), depending on his or her grade level:

- Smarter Balanced Summative Assessment in English language arts/literacy (grades 3 through 8 and grade 11)
- Smarter Balanced Summative Assessment in mathematics (grades 3 through 8 and grade 11)

The Smarter Balanced Summative Assessments are online tests that measure what your child knows and is able to do. The tests include many different types of questions that allow students to interact with the test questions. Results help identify gaps in knowledge or skills early on so your child can get the support he or she needs to be successful in school.

California is in the process of implementing the California Next Generation Science Standards. As part of that implementation, students in grades five, eight and high school will try out a new test called the California Science Test, or CAST.

To learn more about either the Smarter Balanced Summative Assessments or the CAST, go to the California Department of Education Parent Guides to Understanding Web page at <https://www.cde.ca.gov/ta/tg/ca/parentguidetounderstand.asp>.

You can look at sample test questions on the practice tests, which can be found on the CAASPP Web Portal at <http://www.caaspp.org/practice-and-training/index.html>.

As the parent or guardian, you have the option of excusing your child from any part of the CAASPP. If you would like to excuse your child from any of the tests, you must submit your request in writing to the school [Education Code 60615.]. Please let the school know as soon as possible so we can make alternative arrangements for your child.

For information on specific dates and times when your child will take the test in each subject, please contact **your school EL Specialist**.

How can I help my child get ready for the CAASPP?

You are an important part of your child's education. Some things you can do to help your child are:

- Talk about the test with your child. Make sure they are not scared or anxious.
- Tell your child that you and his or her teacher have high expectations and that you are both there to help, every step of the way.
- Take a practice test with your child.
- Make sure your child gets a good night's sleep and a nutritious breakfast before testing.
