Attendance rate is at 95.88%, which is below where we want to be. We have SWIS again, so we are able to track when students are being referred, such as which grade level, which day of the week, which time of the day, etc. 6 teachers responded to the Handwriting Without Tears survey. We will use the data from this survey to help in determining if they will continue to purchase in coming years, and if not, where those funds can be better allocated.

Eddie reviewed funding for the year. Julia suggested looking into a vocabulary program for the school. Council discussed hiring a Title 1 Teacher for additional supports for the rest of the year. In Spring, Council will look at the effect results to determine the need for the following school year. Teachers want to make sure that we don't have students being pulled out all of the time from class as they voiced concern about this. Council discussed hiring on Jamie for one more session and then surveying teachers to determine further need. Hilda motions to approve funding a Title 1 teacher for this year only and then seeing if it is increasing achievement and working with Jamie for 1 day and then surveying teachers to see if they would like a second day. Steven seconds the motion. The motion passes.</p>
