

LCAP Collaborative Committee Meeting

October 17, 2016

Introductions

- All committee members introduced themselves and gave a little information about themselves and their kids.

Purpose for the committee

- To serve as a group of stakeholders representing school sites to guide the development and review of the LCAP.
- Terminology was explained.
- Please look over the handout for LCAP purpose and terminology.

Board Policy

- A handout was given to look over the new board policy that will help guide the committee and the process for input from parent advisory groups.
- The bottom of page 3 talks about the LCAP Collaborative Committee.

Statewide Accountability Update

- In the handout we looked over how the LCAP funds will be used and are looked over each year and they are implemented for the next three years.
- Based on the test results we can get more information as to what needs the students have and if they are improving.
- Results from multiple measures will be more accessible to staff and parents so they can see what progress sites are making.

Woodland Joint Unified School District

- This website with the state indicators should be up and running around December or January.

Year 1 LCAP Goals and Actions

- A handout was given for the LCAP Goals for year 1.

Questions/Comments

- Are budgets revised from the proposed funds as each metric is met or not met? Yes, the cost on the LCAP is an estimate and as each metric is met or not met the cost will be adjusted.
- How is this group going to make any changes? Each time the group meets the information is shared with the board members and the county. Each member should go back to their sites and share with the school so they can also give some input of items to be brought up at the next meeting.
- What is MTSS? Most people don't know what it is so can we share what it is?
- Is there support for all new staff? All new staff is given a partner teacher to help them. In the past it was called BTSA but now it is the induction program and it is for teachers new to the profession.

**Our next meeting will be on November 14th in the District Board Room from
6:00-7:30 pm**
