

LCAP Collaborative Committee Meeting

May 22, 2017

Introductions and Reports

The LCAP meeting was combined with DELAC.

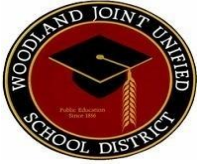

DELAC made a request to table the LCAP report for another meeting so they have a chance to go over it.

Stacy Spector apologized for the LCAP not being mailed to them as it usually is by DELAC, but she would still like to share the power point with the big ideas of the LCAP. Stacy will send out more meeting dates for more feedback. Parents/staff/community will also get a chance to comment at the next board meeting for public comments.

A copy of the DELAC minutes is also attached for more information.

Member Topics

- We went over a power point “Telling Our Story: LCAP for 2017-20”
- There is a phrase in the power point that states, the most dangerous phrase in the language is “we’ve always done it this way.”
- This phrase was shared to acknowledge that we want to celebrate all that we are doing well within our district but we also want to make sure that we are taking the time to review those things that need improvement and make the necessary changes.
- Attached you will find a picture of contact information for Christina Lambie and Stacy Spector. They have offered to talk to any community member with concerns about the LCAP.
- A copy of the LCAP for 2017-20 was handed out.

Woodland Joint Unified School District

- A parent asked, “Why did WHS get the visit from the state superintendent, Tom Torlakson because they had heard that PHS had a higher score than WHS?”
- Information was shared that the reason why WHS received the visit was because they had a larger growth within the groups and Tom wanted to acknowledge that increase.

Next Steps – Timeline
