3. **Introduction to the LCAP, LCP, and LCFF:** This school year we were to start the new format for the LCAP but with the pandemic, the school district had to make a new document that was provided by the state. The new document is called the Learning Continuity and Attendance Plan Template (LCP). Christina shared the Power Point presentation with the group. Explained where on the district web page you can find all information about the LCAP, LCP and LCFF. There is a page in the presentation that gives you a detail of what each Plan is and what expenses they cover.
4. **Review LCAP Development Process and Stakeholder Feedback:** Christina went over the District's responsibility to get feedback from stakeholder groups.
5. **Member Topics for 2020-2021:**
 - Next meeting we will go over development steps. Next meeting will be on November 30, 2020
 - Updates: Stakeholder engagements – in the LCP we talk about all the surveys we have sent out. We sent out a parent and student survey to collect information on Distance Learning.
 - Distance Learning Program: staff training in Canvas, Lead Teachers at each site are getting a stipend for providing support for staff, student participation (attendance), learning loss diagnostics are in process.
 - Last Board meeting it was talked about moving to phase 2 (Limited blended learning).
6. **Comments:**
 - Member felt it is difficult to give the input if we are only restrained to select the options the state has given to us. PC
 - Member felt that the chip selection of the priorities had many options. PC
 - Member stated the process was far reaching as she met with parents, PTA, ELAC, and staff. They appreciated all the information. PC
 - Member wanted to know since our last LCAP meeting in June 2020, are the LCAP funds being used in the LCP? Some of the funds are being used in the LCP but LCP only covers certain categories not all that the LCAP does. PQ
