IMPLEMENTATION OF SOCIAL DISTANCING (RESOLUTION 42-20)

3/12/2020

Because of Board action, the following shall apply beginning March 13th through April 30th.

1. The district will implement social distancing strategies beginning March 13, 2020 at 9 PM through April 30, 2020 at 9 PM. Social distancing strategies are used to mitigate four main criteria:

- Proximity of students to potential carriers of the COVID-19 virus
- Length of exposure to potential carriers of the COVID-19 virus
- Density of a group, which may include a carrier of the COVID-19 virus
- Population Exposure to groups normally not encountered which may include a carrier of the COVID-19 virus

2. Events that occur during school hours or commence immediately after school hours, that involve WJUSD students only and do not exceed the typical class sizes on campus (32 for elementary and 36-40 for secondary) may continue to occur.

3. Athletic events, musical performances (instrument or choral), and Jr/Sr Prom may continue as planned with significant reductions in audience participation. Significant reduction is interpreted to mean no indoor audiences larger than 40 or no audiences more than 50% capacity of the venue (whichever is higher).

4. All remaining activities and events shall be considered by Cabinet on a case-by-case basis using the following criteria:

An activity or event with a score of 4 or higher and contains a “yes” in 3 out of 4 categories, will be cancelled during the timeframe listed above. Each “yes” answer is equivalent to one point.

Criteria questions:

1. Does the event involve more than 40 WJUSD students? (Density)
 2. Will the event include large congregations of participants, spectators, or combinations of smaller groups in assembly-like gatherings? (Density)
 3. Does the event require travel outside the district? (Population exposure)
 4. Does the event involve students or adults from other than WJUSD? (Population exposure)
 5. Does the event involve overnight participation? (Length)
 6. Will the event last longer than 2 hours? (Length)
 7. Will the event occur mostly indoors? (Proximity)
 8. Will the event involve close or bodily contact among participants? (Proximity)
5. Use of facilities by external organizations will be evaluated on a case-by-case basis. If a mitigation plan is required, WJUSD staff will be included as part of the plan.
