

School Bond Planning

WJUSD 2018

WJUSD BOND NOV' 6, 2018

- In response to feedback from the community regarding the failure of Measures S&T, the Board of Trustees has spent nearly two years reviewing the District's highest health and safety needs.
- The top two health and safety needs were determined to be replacement of the 47+ year old HVAC system at WHS; and build a second gym at PHS.
- All students who complete their education through the Woodland schools will benefit from these projects.
- The bond will be for \$20 million.
- We anticipate the bond to be paid off within 5 years after the issuance.
- We anticipate the tax rate to be about \$1 per week for each \$100,000 of assessed value.

HOW HAVE WE PREPARED FOR THIS EFFORT
