

- 18.5 Contractor acknowledges the extreme importance of promptly notifying and thoroughly documenting any request for time extension and further specifically acknowledges that District will suffer extreme prejudice should Contractor fail in any way to comply with this requirement. Failure to comply with the procedures and time limits established in this Article shall constitute a waiver of such request. Evidence presented by Contractor that District had actual notice of the time extension request, that District was not prejudiced by Contractor's failure to comply with this requirement, and/or that District considered Contractor's request despite Contractor's failure to strictly comply with this provision shall not render this requirement unenforceable.
- 18.6 Contractor is required to order, obtain, and store materials and equipment sufficiently in advance of its work at no additional cost or advance payment from District to assure that there will be no delays. An extension of time will not be granted for a delay caused by a shortage of materials.
- 18.7 Contractor shall not be entitled to additional compensation for delays within its control. Contractor is aware that governmental agencies, such as the Department of General Services, gas companies, electrical utility companies, water districts and other agencies may have to approve Contractor-prepared drawings or approve a proposed installation. In the event of delays to the Project from such agencies for which Contractor has no control, provided such delays are not caused by Contractor's or any Subcontractor's acts or omissions, Contractor may be entitled to a time extension for such delays, but shall not be allowed additional compensation for the costs of such delays not impacting the Project's critical path.
- 18.8 District reserves the right to occupy any building or portion thereof or use any improvement contemplated by the Contract Documents prior to the completion of the entire Project. A list of work to be completed and corrected by Contractor, if any, shall be prepared and agreed to between District and Contractor before any such occupancy or use. Such occupancy or use shall not operate as an acceptance of any part of the Project but shall start the guaranty-warranty period on the structure or portion thereof so occupied or improvement or equipment so used; provided, however, that such occupancy or use shall not start the guaranty-warranty period as to items appearing on the list of work yet to be completed and corrected or as to structures or improvements (or portions thereof) that are not occupied or used. No such occupancy or use shall be deemed to have occurred unless and until District has given Contractor written notice of its intention to so occupy or use any particular structure or improvement specifying the portion or portions of the structure, improvement or equipment which will be deemed so occupied or used. District and Contractor shall take reasonable steps to obtain the consent of Contractor's insurance company or companies and shall, without mutual written consent, take no action with respect to partial occupancy or use that would cause cancellation, lapse of or reduction of such insurance. Such occupancy or use by District shall relieve Contractor of (and District shall assume) the responsibility for injury or damage to said occupied or used portions of the Project resulting from use by District or the public or from the action of the elements or from any other cause, except injury or damage resulting from the operations, negligence or intentional acts of Contractor, any Subcontractors or materialmen of any tier, or their officers, employees or agents.

19. TERMINATION OF AGREEMENT

19.1 Termination for Breach.

- 19.1.1 If the Contractor refuses or fails to proceed with the construction of the Project or any separable part thereof with such diligence as will insure its completion within the time specified by this Construction Services Agreement or any extension thereof, or fails to Complete the Project within the Contract Time, or if the Contractor should be adjudged bankrupt, or if it should make a general assignment for the benefit of its creditors, or if a receiver should be appointed on account of its insolvency, or the Contractor or any of its Subcontractors should violate any of the provisions of this Construction Services Agreement, the District may serve written notice upon the Contractor and its Surety of the District's intention to terminate this Construction Services Agreement. This notice

of intent to terminate shall contain the reasons for such intention to terminate this Construction Services Agreement and a statement to that effect that the Contractor's right to perform work on the Project shall cease and terminate upon the expiration of ten (10) days unless such violations have ceased and arrangements satisfactory to the District have been made for correction of said violations.

19.1.2 In the event that the District serves such written notice of termination upon the Contractor and the Surety, the Surety shall have the right to take over and perform this Construction Services Agreement. If the Surety does not: (1) give the District written notice of Surety's intention to take over and commence performance of this Construction Services Agreement within fifteen (15) days of the District's service of said notice of intent to terminate upon Surety; and (2) actually commence performance of this Construction Services Agreement within thirty (30) days of the District's service of said notice upon Surety; then the District may take over the Project and prosecute the same to completion by separate contract(s) or by any other method it may deem advisable for the account and at the expense of the Contractor.

19.1.3 In the event that the District elects to obtain an alternative performance of the Construction Services Agreement as specified above: (1) the District may, without liability for so doing, take possession of and utilize in completion of the Project such materials, appliances, plants and other property belonging to the Contractor that are on the site and reasonably necessary for such completion; and (2) Surety shall be liable to the District for any cost or other damage to the District necessitated by the District securing an alternate performance pursuant to this Article.

19.2 Termination for Convenience.

19.2.1 The District may terminate performance of the Project called for by the Contract Documents in whole or, from time to time, in part, if the District determines that a termination is in the District's interest.

19.2.2 The District shall terminate all or any part of the Project upon delivery to the Contractor of a "Notice of Termination" specifying that the termination is for the convenience of the District, the extent of termination, and the effective date of such termination.

19.2.3 After receipt of Notice of Termination, and except as directed by the District's Representative, the Contractor shall, regardless of any delay in determining or adjusting any amounts due under this Termination for Convenience clause, immediately proceed with the following obligations:

1. Stop Work as specified in the Notice of Termination.
2. Complete any work specified in the Notice of Termination in a least cost/shortest time manner while still maintaining the quality called for under the Contract Documents.
3. Leave the Property upon which the Contractor was working and upon which the facility (or facilities) forming the basis of the Contract Documents is situated in a safe and sanitary manner such that it does not pose any threat to the public health or safety.
4. Terminate all subcontracts to the extent that they relate to the portions of the work terminated.
5. Place no further subcontracts or orders, except as necessary to complete the continued portion of the Construction Services Agreement.

6. Submit to the District's Representative, within ten (10) days from the Project termination date found in the Notice of Termination, all of the usual documentation called for by the Contract Documents to substantiate all costs incurred by the Contractor for labor, materials and equipment through the Project termination date, including termination costs related to demobilizing and closing out the Project, found in the Notice of Termination. Any documentation substantiating costs incurred by the Contractor solely as a result of the District's exercise of its right to terminate this Construction Services Agreement pursuant to this clause, which costs the Contractor is authorized under the Construction Services Agreement to incur, shall: (i) be submitted to and received by the District no later than thirty (30) days after the Project termination date found in the Notice of Termination; (ii) describe the costs incurred with particularity; and (iii) be conspicuously identified as "Termination Costs occasioned by the District's Termination for Convenience."
- 19.2.4 Termination of the Construction Services Agreement shall not relieve the Surety of its obligation for any just claims arising out of or relating to the work performed on the Project.
- 19.2.5 In the event that the District exercises its right to terminate this Construction Services Agreement pursuant to this clause, the District shall pay the Contractor, upon the Contractor's submission of the documentation required by this provision, and other applicable provisions of the Construction Services Agreement the following amounts not already paid to Contractor:
1. All actual costs incurred according to the provisions of this Construction Services Agreement including but not limited to insurance costs incurred in connection with the Project.
 2. A reasonable allowance for profit on the cost of the work on the Project performed and not otherwise paid for the District, provided Contractor establishes to the satisfaction of the District, that it is reasonably probable that the Contractor would have made a profit had the Construction Services Agreement been completed and provided further, that the profit allowed shall in no event exceed five percent (5%) of costs. In no event shall the total amount exceed GMP.
 3. A reasonable allowance for Contractor's administrative costs in determining the amount payable due to termination of the Construction Services Agreement under this Article.
- 19.3 Termination of Agreement by Contractor. The Contractor may terminate the Construction Services Agreement upon ten (10) days written notice to the District, whenever: (1) there is a substantial failure of performance on the part of the District; or (2) the District shall elect not to appropriate funds and/or not to make two (2) successive Sublease Prepayments (if exercised by the District in its sole discretion) following the receipt by District of a request from the Contractor in its capacity as Lessor for each such Sublease Prepayment pursuant to Article 21 of the Sublease. In the event of such termination, the Contractor shall have no claims against the District except for payment for the value of the work performed on the Project as of the date of termination.
- 19.4 Assignment of Subcontractors and Suppliers. If the Contract is Terminated, Contractor shall provide District copies of all subcontracts, purchase orders, addenda, invoices, payment records, and Project files associated with each Subcontractor and Material Supplier. The District shall have the option to assume any Subcontracts, contracts or purchase orders the District chooses. To the extent that vendors are not paid in full for the labor, materials, or services provided, Contractor shall provide

an accounting statement showing the amounts paid and the amounts due to the Subcontractor and a statement on the anticipated payment status associated with the Termination.

- 19.5 Continuation of Work During Disputes. In the event of a dispute between the parties as to performance of the work or the interpretation of this contract, or payment dispute, the parties shall attempt to resolve the dispute. Pending resolution of this dispute, Contractor agrees to continue the work diligently to completion and shall neither rescind nor terminate the agreement.

20. RESOLUTION OF AGREEMENT CLAIMS

- 20.1 Decision of Architect. "Disputes" or "Claims" as defined in Article 20.9.1.1 between District and Contractor involving money or time, including those alleging an error or omission by the Architect shall be referred initially to the Architect for action as provided in Article 20.2 within ten (10) days after Contractor's Article 17 request for extra work/ modification is denied. If there is a CM, the CM shall receive the Dispute and may review and also assemble opinions and documents to assist the Architect. A decision by the Architect, as provided in Article 20.5, shall be required as a condition precedent to proceeding with remedies set forth in Article 20.9 as to all such matters arising prior to the date Retention Payment Application is due, regardless of whether such matters relate to execution and progress of the Work, or the extent to which the Work has reached Final Completion.

The condition precedent of an Architect decision shall be waived if: (1) the position of Architect is vacant; (2) the Architect has failed to take action required under Article 20.5 within the time periods required therein; or (3) the Dispute or Claim relates to a stop notice claim not arising from any extra Change Order or Immediate Change Directive for which approval has not been provided.

- 20.2 Architect's Review. The Architect (and CM) will review the Dispute and take one or more of the following preliminary actions upon receipt of a Dispute: (1) request additional supporting data from the claimant; (2) submit a schedule to the parties indicating when the Architect expects to take action; (3) reject the Dispute in whole or in part, stating reasons for rejection; (4) recommend approval of the Dispute; or (5) suggest a compromise. The Architect may also, but is not obligated to, notify the Surety, if any, of the nature and amount of the Dispute..

- 20.2.1 Architectural Immunity. Architect review of Disputes and Claims shall be impartial and meant to resolve Disputes and Claims. Pursuant to the case, Huber, Hunt & Nichols, Inc. v. Moore (1977) 67 Cal.App.3d 278, the Architect is provided a quasi-judicial immunity for interpreting and deciding Disputes and Claims between the District and Contractor.

- 20.3 Documentation if Resolved. If a Dispute has been resolved, the Architect (and/or CM) will prepare a Change Order or obtain appropriate documentation to document the terms for Board approval.

- 20.4 Actions if Not Resolved. If a Dispute has not been resolved and all documentation requested pursuant to Article 20.2 has been provided, the Contractor shall, within ten (10) days after the Architect's initial response, assemble all the documents involved in the Dispute including copies of all back-up documentation of costs and the basis for the Dispute and take one or more of the following actions: (1) modify the initial Dispute; (2) notify the Architect that the initial Dispute stands; or (3) supplement with additional supporting data and re-submit to the Architect under Article 20.2.

- 20.5 Architect's Written Decision. If a Dispute has not been resolved after consideration of the foregoing and of other evidence presented by the parties or requested by the Architect, the Architect (or Architect through CM) shall provide a written decision twenty (20) days after compliance with Article 20.4. Upon expiration of such time period, the Architect (or Architect through CM) will render to the parties its written decision relative to the Dispute, including any change in the Contract

Sum or Contract Time or both. The Architect may also request reasonable additional time to complete Architect's written decision.

If the resolution of the Dispute by the Architect is not satisfactory to the Contractor and copies of all back-up documentation of costs and the basis for the Dispute is fully articulated in a package of material that is complete, the Contractor may then submit a Claim to the District under Article 20.9.

- 20.6 Continuing Contract Performance. Pending final resolution of a Dispute or Claim, including, negotiation, mediation, arbitration, or litigation, the Contractor shall proceed diligently with performance of the Contract, and the District shall continue to make any undisputed payments in accordance with the Contract (less any withholdings or offsets). If the Claim is not resolved, Contractor agrees it will neither rescind the Contract nor stop the progress of the work, but Contractor's sole remedy shall be to submit such controversy to determination by a court of competent jurisdiction in the county where the Project is located, after the Project has been completed, and not before.

- 20.6.1 *District's Option to Submit Individual Disputes to Arbitration during Claims and Disputes Process.* At the District's sole option, in order to more efficiently resolve Claims during the Project and prior to the completion of the Claims Process, pursuant to Government Code section 9201, the District may submit individual Disputes or Claims for binding arbitration and Contractor agrees to the resolution of for each individual Dispute or Claim by an Arbitrator, including resolution of time and delays. If binding arbitration is utilized for individual Disputes or Claims, such resolution is full and final as to that particular Dispute or Claim. THIS INDIVIDUAL DISPUTE ARBITRATION PROCESS IS NOT AN ARBITRATION CLAUSE AND SHALL NOT BE CONSTRUED AS AN AGREEMENT TO ARBITRATE. THIS INDIVIDUAL DISPUTES ARBITRATION PROCESS IS FOR THE SOLE PURPOSE OF STREAMLINING AND RESOLVING DISPUTES OR CLAIMS DURING CONSTRUCTION AND SHALL BE REQUESTED ON SPECIFIC INDIVIDUAL ITEMS BY THE DISTRICT PRIOR TO RETENTION PAYMENT (EVEN IF THERE ARE DEDUCTIONS MADE FROM RETENTION PAYMENT) WHICH REPRESENTS THE FINAL COMPLETION OF THE PROJECT.

20.6.1.1 If there is no Retention remaining on the Project, individual Disputes initiated prior to Project Final Completion shall continue until a final disposition of the Arbitration or resolution of the individual Claim or Dispute.

20.6.1.2 The Arbitration process shall not toll the Disputes or Claims process under Article 20 or the requirement to submit Claims to Court under Article 20.13.

- 20.7 Claims for Concealed Trenches or Excavations Greater Than Four Feet Below the Surface. When any excavation or trenching extends greater than four feet below the surface:

- 20.7.1 *Immediately upon discovery,* The Contractor shall promptly, and before the following conditions are disturbed, notify the District, by telephone and in writing of any:

20.7.1.1 Subsurface or latent physical conditions at the Site differing from those indicated in the Drawings, Specifications, or pursuant to the documents and information from Contractor's Due Diligence or Due Diligence Documents.

20.7.1.2 Unknown physical conditions at the Site of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in Work of the character provided for in the Contract.

- 20.7.1.3 Hazardous waste condition, except, if Contractor's bid includes removal or disposal of hazardous substances, or is part of Contractor's Due Diligence or Due Diligence Documents. Material that the Contractor believes may be a material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code, is required to be removed to a Class I, Class II, or Class III disposal site in accordance with the provisions of existing law. In such case, the notice procedures and requirements of Article 17.5.2 shall apply.
- 20.7.2 *The District shall investigate the conditions*, and if District finds that the conditions do materially so differ, and cause a decrease or increase in the Contractor's cost of, or the time required for, performance of any part of the Work shall issue a change order or Construction Change Document under the procedures described in the Contract.
- 20.7.3 *In the event that a dispute arises between a public entity or District and the Contractor whether the conditions materially differ, or cause a decrease or increase in the Contractor's cost of, or time required for, performance of any part of the Work, the Contractor shall not be excused from any scheduled Completion Date provided for by the Contract, but shall proceed with all Work to be performed under the Contract. The Contractor shall retain any and all rights provided either by Contract or by law which pertain to the resolution of disputes and protests between the contracting parties.*
- 20.8 Dispute Concerning Extension of Time. If Contractor and District cannot agree upon an extension of time, whether compensable or not, then Contractor must have first completed the procedures set forth in Article 18. Upon completion of the procedures set forth under Article 18, Contractor must then comply with the requirements in this Article including those set forth under Article 20.9.
- 20.9 Claims Procedures. Pursuant to the remedies under Public Contract Code section 9201 and Government Code section 930.2, Contractor, through execution of this Agreement, also agrees to comply with the Claims requirements under Article 20 to quickly and efficiently resolve disputes. Further, to provide a level of accuracy to the records submitted, the District shall have the right to audit books and records pursuant to Article 21 based on the actual costs incurred and to reduce the uncertainty in resolving disputes with limited information.
- 20.9.1 *Procedure Applicable to all Claims*
- 20.9.1.1 Definition of Claim: A "Claim" is where a Dispute between the parties rises to the level where backup documentation is assembled and provided to the District as a separate demand by the Contractor for: (1) a time extension, including, without limitation, for relief from damages or penalties for delay assessed by the District under the Contract; (2) payment by the District of money or damages arising from Work done by, or on behalf of, the Contractor pursuant to the Contract and payment for which is not otherwise expressly provided for or to which the Contractor is not otherwise entitled to; or (3) an amount of payment disputed by the District. If the Claim is for damages associated with a DSA Stop Work Order, the Contractor shall not be entitled to a request for Compensation, but shall be entitled to utilize Governmental Delay Float (See Article 9.2.1.)
- 20.9.1.2 Filing Claim Is Not Basis to Discontinue Work: The Contractor shall promptly comply with Work under the Contract or Work requested by the District even though a written Claim has been filed. The Contractor and the District shall make good faith efforts to resolve any and all Claims that may arise during the performance of the Work covered by this Contract.

20.9.1.3 Claim Notification: The Contractor shall within seven (7) calendar days after the written decision of the Architect, or if the time period for Architect's decision has passed under Article 20.5, submit a notification in writing sent by registered mail or certified mail with return receipt requested, with the District (and the District's CM) stating clearly the basis for the Claim and including all relevant and required documents. If the notification is not submitted within seven (7) days after the written decision of the Architect or the passage of time under Article 20.5, the Contractor shall be deemed to have waived all right to assert the Claim, and the Claim shall be denied. Claims submitted after the Retention Payment date shall also be considered null and void by the District. All Claims shall be reviewed pursuant to Articles 20.1 through 20.5.

20.9.1.4 The Formal Notification of Claim must be presented as follows:

- a. The term "Claim" must be at the top of the page in no smaller than 20 point writing.

- g. Chronology of events and related correspondence.
- h. Applicable daily reports and logs.
 - 1. If the daily reports or logs are not available, lost or destroyed, there shall be a presumption that the lost documentation was unfavorable to the Contractor. See California Civil Jury Instruction 204.
- i. For Claims involving overhead, cost escalation, acceleration, disruption or increased costs, a full version of job costs reports organized by category of work or Schedule of Values with budget information tracked against actual costs. Any and all supporting back-up data, including the original bid or cost documents (and associated original unaltered metadata).
 - 1. The metadata and bid or cost information shall be provided confidentially and subject to a protective order to prevent dissemination to other contractors or to the public. However, the bid or cost documentation should remain intact and available for review and inspection in case of this type of increased cost Claim.

 - l. Upon receipt of a Claim and all supporting documents as required above, the District shall conduct a reasonable review of the Claim and, within a period not to exceed 45 days, shall provide the Contractor a written statement identifying what portion of the Claim is disputed and what portion is undisputed. Upon receipt of a Claim, the District and Contractor may, by mutual agreement, extend the time period provided in this paragraph.
 - m. If the District needs approval from its governing Board to provide the Contractor a written statement identifying the disputed portion and the undisputed portion of the Claim, and the governing Board does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a Claim sent by registered mail or certified mail, return receipt requested, the District shall have up to three days following the next duly publicly noticed meeting of the governing Board after the 45-day period, or extension, expires to provide the Contractor a written statement identifying the disputed portion and the undisputed portion.
 - n. Any payment due on an undisputed portion of the Claim shall be processed and made within 60 days after the District issues its written statement. If the District fails to issue a written statement, paragraph t below shall apply.
 - o. If the Contractor disputes the District's written response, or if the District fails to respond to a Claim issued pursuant to Article 20.9 within the time prescribed, the Contractor may demand in writing an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand in writing sent by registered mail or certified mail, return receipt requested, the District shall schedule a meet and confer conference within 30 days for settlement of the Claim.
 - p. Any payment due on an undisputed portion of the Claim shall be processed and made within 60 days after the District issues its

written statement. Any disputed portion of the Claim, as identified by the Contractor in writing, shall be submitted to nonbinding mediation, with the District and the Contractor sharing the associated costs equally. The District and Contractor shall mutually agree to a mediator within 10 business days after the disputed portion of the Claim has been identified in writing. If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the Claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator. If mediation is unsuccessful, the parts of the Claim remaining in dispute shall be subject to applicable procedures in Article 20.13.

- q. For purposes of Article 20.9, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.
- r. Unless otherwise agreed to by the District and the Contractor in writing, the mediation conducted pursuant to Article 20.9 shall excuse any further obligation under Public Contract Code section 20104.4 to mediate after litigation has been commenced.
- s. This Claims process does not preclude the District from requiring arbitration of disputes under private arbitration or the Public Works Contract Arbitration Program, if mediation under Article 20.9 does not resolve the parties' Claim. This Claims process does not preclude the District from submitting individual Disputes or Claims to binding arbitration pursuant to Article 20.12 below.
- t. Failure by the District to respond to a Claim from the Contractor within the time periods described in this subdivision or to otherwise meet the time requirements of Article 20.9 shall result in the Claim being deemed rejected in its entirety. A Claim that is denied by reason of the District's failure to have responded to a Claim, or its failure to otherwise meet the time requirements of Article 20.9, shall not constitute an adverse finding with regard to the merits of the Claim or the responsibility or qualifications of the Contractor.
- u. If a subcontractor or a lower tier subcontractor lacks legal standing to assert a Claim against a District because privity of contract does not exist, the Contractor may present to the District a Claim on behalf of a subcontractor or lower tier subcontractor. A subcontractor may request in writing, either on his or her own behalf or on behalf of a lower tier subcontractor, that the Contractor present a Claim for work which was performed by the subcontractor or by a lower tier subcontractor on behalf of the subcontractor. The subcontractor

requesting that the Claim be presented to the District shall furnish reasonable documentation to support the Claim. Within 45 days of receipt of this written request, the Contractor shall notify the subcontractor in writing as to whether the Contractor presented the Claim to the District and, if the Contractor did not present the Claim, provide the subcontractor with a statement of the reasons for not having done so.

v. Upon receipt of a Claim, the parties may mutually agree to waive, in writing, mediation and proceed directly to the commencement of a civil action or binding arbitration, as applicable.

w. The Contractor's Claim shall be denied if it fails to follow the requirements of this Article.

20.10 District (through CM or District's Agent or Attorney) May Request Additional Information. Within thirty (30) days of receipt of the Claim and the information under this Article, the District may request in writing any additional documentation supporting the Claim or documentation relating to defenses to the Claim which the District may assert. If additional documents are required, the time in which the Claim is evaluated may be extended by a reasonable time so the Claim and additional documents may be reviewed.

20.11 Claims Procedures in Addition to Government Code Claim. Nothing in the Claims procedures set forth in Article 20 of the CSA shall act to waive or relieve the Contractor from meeting the requirements set forth in Government Code section 900 et seq.

20.12 Binding Arbitration of Individual Claim Issues. To expedite resolution of Claims pursuant to Public Contract Code section 9201, at the District's sole option, the District may submit individual Claims to Arbitration prior to Retention Payment consistent with the requirements of Article 20.6.1.

20.13 Resolution of Claims in Court of Competent Jurisdiction. If Claims are not resolved under the procedure set forth and pursuant to Article 20.9, such Claim or controversy shall be submitted to a court in the County of the location of the Project after the Project has been completed, and not before

20.14 Warranties, Guarantees and Obligations. The duties and obligations imposed by this CSA and the rights and remedies available hereunder to the parties hereto, and, in particular but without limitation, the warranties, guarantees and obligations imposed upon Contractor by the Contract Documents and amendments thereto; and all of the rights and remedies available to District and Architect thereunder, are in addition to, and are not to be construed in any way as a limitation of any rights and remedies available to any or all of them which are otherwise imposed or available by laws or regulations by special warranty or guarantee or by other provisions of the Contract Documents, and the provisions of this Article will be as effective as if repeated specifically in the Contract Documents in connection with each particular duty, obligation, right and remedy to which they apply.

21. MAINTENANCE OF RECORDS; AUDIT/OWNERSHIP OF DOCUMENTS

21.1 State Audit. Pursuant to and in accordance with the provisions of Government Code § 10532, or any amendments thereto, all books, records, and files of the District, the Contractor, or any Subcontractor connected with the performance of this Contract involving the expenditure of state funds in excess of Ten Thousand Dollars (\$10,000.00), including, but not limited to, the administration thereof, shall be subject to the examination and audit of the Office of the Auditor General of the State of California for a period of five (5) years after Retention Payment is made or a Notice of Completion is Recorded, whichever occurs first. Contractor shall preserve and cause to be preserved such books, records, hard drives, electronic media, and files for the audit period.

- 21.2 District Audit. Pursuant to the remedies under Public Contract Code section 9201 and Government Code section 930.2, Contractor, through execution of this Agreement, also agrees the District shall have the right to review and audit, upon reasonable notice, the books and records of the Contractor concerning any monies associated with the Project. The purpose of this Audit is to quickly and efficiently resolve disputes based on the actual costs incurred and to reduce the uncertainty in resolving disputes with limited information. The District shall perform any audits at its own cost and any such audit shall be performed by an independent auditor, having no direct or indirect relationship with the functions or activities being audited or with the business conducted by the Contractor or District. In the event the independent auditor determines that Change Orders, Response to Request for Proposals, Claims, Appeal of Claims, or other requests for payment the Auditor shall report the results of the Audit findings to the District and provide a copy to the Contractor after giving the District Board the opportunity for at least 10 days review. If the Contractor disputes the findings of the independent auditor, such dispute shall be handled in the manner set forth under Article 20 entitled Disputes.
- 21.3 Failure to Produce Books or Records. If Contractor having agreed to the terms of this Contract fails to produce books or records requested by Auditor, such failure to produce books or records that were required to be preserved for audit, it shall be presumed that the information contained in the withheld books or records were unfavorable to the Contractor and the Auditor shall note this refusal in the results of the Audit findings for further evaluation by the District and the District's Board. The refusal to release records that are concerning monies associated with the Project may be used as a grounds to Debar the Contractor from future Projects for failure to preserve records under this Article and the failure to produce required audit records may also be used as a grounds for a negative finding against the Contractor depending on the significance of the records that are withheld by Contractor. Failure to produce Job Cost Data tied to Job cost categories and budgets shall be presumed an intentional failure to produce key audit records. - 35.11 No Waiver Created through Payments. - 35.12 Waiver of Subrogation. Contractor waives (to the extent permitted by law) any right to recover against the District for damages to the Work, any part thereof, or any and all claims arising by reason of any of the foregoing, but only to the extent that such damages and/or claims are covered by property insurance and only to the extent of such coverage (which shall exclude deductible amounts) by insurance actually carried by the District.

The provisions of this section are intended to restrict each party to recovery against insurance carriers only to the extent of such coverage and waive fully and for the benefit of each, any rights and/or claims which might give rise to a right of subrogation in any insurance carrier. To the extent available, the bonds shall further provide that no change or alteration of the Contract Documents (including, without limitation, an increase in the Contract Price, as referred to above), extensions of time, or modifications of the time, terms, or conditions of payment to the Contractor will release the surety. If the Contractor fails to furnish the required bonds, the District may terminate the Contract for cause.

- 35.13.2 *Surety Qualification.* Only bonds executed by admitted Surety insurers as defined in Code of Civil Procedure § 995.120 shall be accepted. Surety must be a California-admitted surety and listed by the U.S. Treasury with a bonding capacity in excess of the Project cost.

The Contractor shall be solely responsible for preparing and implementing a Storm Water Pollution Prevention Plan (SWPPP) prior to initiating Work. The Contractor's Qualified SWPPP Developer (QSD) shall work with the Architect and its engineers in preparing an approved SWPPP and revising it as necessary or required. It shall be the Contractor's responsibility to evaluate the cost of procuring the Permit and preparing the SWPPP as well as complying with the

The Contractor shall comply with all requirements of the State Water Resources Control Board. The Contractor shall include all costs of compliance with specified requirements in the GMP.

The Contractor hereby agrees to indemnify and hold harmless the District, its Board members, officers, agents, employees and authorized volunteers from and against any and all claims, demands, losses or liabilities of any kind or nature which the District, its Board members, officers, agents, employees and authorized volunteers may sustain or incur for noncompliance with the Permit arising out of or in connection with the Project, except for liability resulting from the sole negligence, willful misconduct or active negligence of the District, its Board members, officers, agents, employees or authorized volunteers. District may seek damages from the Contractor for delay in completing the Project caused by the Contractor's failure to comply with the Permit.

40. EQUAL OPPORTUNITY CLAUSE

The Contractor herein agrees not to discriminate in its recruiting, hiring, promotion, demotion or termination practices on the basis of race, religious creed, color, national origin, ancestry, sex, age or physical handicap in the performance of this Construction Services Agreement and to comply with the provisions of the following laws:

- 40.1 California Fair Employment and Housing Act (Gov. Code 12900 et seq., prohibiting discrimination in employment on account of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, or sex, and prohibiting harassment of an employee or applicant because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, or age);

- 40.7 Any other laws or regulations prohibiting discrimination as may be applicable to Contractor.

41. SPECIAL NOTICE OF AMERICAN'S WITH DISABILITIES ACT

Some of the requirements in the Construction Documents are meant to comply with the American's with Disabilities Act ("ADA"). The requirements of the ADA are technical in nature and may appear to be minor in nature (i.e. whether a walkway or ramp has a 2% cross-slope). Contractor is warned that even the slightest deviation from the specific requirements from the ADA is considered a Civil Rights Violation and subjects the District to fines of three times actual damages sustained by a handicap individual or up to \$4,000 per violation and attorney's fees required to enforce the ADA violation. As a result of the significant liability and exposure associated with ADA aspects of the Contract, Contractor shall take special care to meet all ADA requirements detailed in the Construction Documents. Failure to comply with ADA rules that results in a Notice of Non-Compliance shall be repaired to meet ADA requirements promptly. In addition, any ADA violations that are not identified by Inspector or Architect that are later identified shall be repaired and charged back to the Contractor through a Deductive Change Order.

- 41.1 Indemnification of ADA Claims. ADA claims arising from failure to comply with Construction Documents shall be indemnified, held harmless and defended by Contractor. Further, any withholdings for ADA violations in Article 29.4 shall include potential redesign costs and an accelerated repair costs due to the potential for ADA claims arising from DSA posting of ADA violations on the Project.

43. EXCISE TAX

If under federal excise tax law any transaction hereunder constitutes a sale on which a federal excise tax is imposed and the sale is exempt from such excise tax because it is a sale to a state or local government for its exclusive use, the District, upon request, will execute a certificate of exemption which will certify (1) that the District is a political subdivision of the state for the purposes of such exemption and (2) that the sale is for the exclusive use of the District. No excise tax for such materials shall be included in the GMP.

44. PROHIBITED INTERESTS

No official of District and no District representative who is authorized in such capacity and on behalf of District to negotiate, make, accept, or approve, or to take part in negotiating, making, accepting or approving any architectural, engineering, inspection, construction or material supply contract or any subcontract in connection with construction of Project, shall be or become directly or indirectly interested financially in this Construction Services Agreement or any part thereof. No officer, employee, architect, attorney, engineer or inspector of or for District who is authorized in such capacity and on behalf of District to exercise any executive, supervisory or other similar functions in connection with construction of Project, shall become directly or indirectly interested financially in this Construction Services Agreement or in any part thereof.

45. COMPLIANCE WITH DTSC GUIDELINES – IMPORTED SOIL/SOILS INSPECTION

The District reserves the right to reject any imported material that has come from agricultural or commercial land uses. Contractor must notify the District of the source of material and comply with the applicable Regional Water Quality Control Board Resolution and when applicable, with the guidelines of the Department of Toxic Substances Control (DTSC).

- 45.2 Unless otherwise provided, when a soils investigation report obtained from test holes at the site is available, such report shall not be a part of this contract. Nevertheless, with respect to any such soils investigation and/or geotechnical report regarding the site, it shall be the responsibility of the Contractor to review and be familiar with such report. Any information obtained from such report or any information given on drawings as to subsurface soil condition or to elevations of existing grades or elevations of underlying rock is approximate only, is not guaranteed, and does not form a part of the contract, unless otherwise specifically provided. Contractor is required to make a visual examination of site and must make whatever tests it deems appropriate to determine the underground condition of the soil. Limited soil tests and subsurface investigations, if any, are available for review and consideration by Contractor and were conducted for the purpose of design only. Subsurface investigation information is made available by District solely as a matter of convenience and general information for Contractor and Contractor is expected to review and be familiar with such information. No representation is made by District or Architect that information provided is completely representative of all conditions and materials which may be encountered. If such a report is referenced in the Contract Documents for performance of the Project, such reference shall be to establish minimum requirements only. Further, no representation is made by District or Architect that information provided is solely adequate for purposes of construction. District disclaims responsibility for interpretations by Contractor of soil and subsurface investigation information, such as in protecting soil-bearing values, rock profiles, presence and scope of boulders and cobbles, soil stability and the presence, level and extent of underground water. Contractor shall determine means, methods, techniques and sequences necessary to achieve required characteristics of completed Work. Contractor shall promptly, and before the following conditions are disturbed, notify the District, in writing, of any:

1. Material that Contractor believes may be material that is hazardous waste, as defined in Section 25117 of the Health and Safety Code that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law.
2. Subsurface or latent physical conditions at the Site differing from those indicated, including geological, soils, and or water table issues which impede construction or increase Construction Costs.
3. Unknown physical conditions at the Site (not including structures or improvements) of any unusual nature, different materially from those ordinarily encountered and generally recognized as inherent in work of the character provided for in the Construction Services Agreement.

46.1 District shall promptly investigate the conditions, and if it finds that the conditions materially so differ, and the materials that are not on reports or documents supplied or reviewed as part of Contractor's Due Diligence shall be submitted as a Change Order under Article 17 and, upon approval, shall be allocated to the Unforeseen Allowance.

46.2 In the event that a dispute arises between District and Contractor whether the conditions materially differ from Due Diligence Documents reviewed for hazardous substances, or cause a decrease or increase in Contractor's cost of, or time required for, performance of any part of the work, Contractor shall not be excused from any scheduled completion date provided for by this Construction Services Agreement but shall proceed with all work to be performed under the Construction Services Agreement.

47. NO ASBESTOS CERTIFICATION

47.1.1.3 The asbestos consultant shall be chosen and approved by the District which shall have sole discretion and final determination in this matter.

47.1.1.4 The work will not be accepted until asbestos contamination is reduced to levels deemed acceptable by the asbestos consultant.

47.1.2 If removal of asbestos containing materials is part of the Project, the cost of all asbestos removal, including, but not necessarily limited to the cost of the asbestos removal contractor, the cost of the asbestos consultant, analytical and laboratory fees, time delays and additional costs that may be incurred by the District shall be borne entirely by the Contractor.

47.1.3 Hold Harmless: Interface of work for the Project with work containing asbestos shall be executed by the Contractor at his/her risk and at his/her discretion with full knowledge of the currently accepted standards, hazards, risks and liabilities associated with asbestos work and asbestos containing products. By execution of the Construction Services Agreement the Contractor acknowledges the above and agrees to the fullest extent permitted by law to hold harmless the District, its Board and each member of the Board, its officers, employees, agents, representatives, including its Architect and assigns, for all asbestos liability which may be associated with this work. The Contractor further agrees to instruct his/her employees with respect to the above mentioned standards, hazards, risk and liabilities.

48. LAWS AND REGULATIONS

Contractor shall give all notices and comply with all laws, ordinances, rules, and regulations bearing on conduct of work as indicated and specified. If Contractor observes that drawings and specifications are at variance therewith, it shall promptly notify Architect in writing and any necessary changes shall be adjusted as provided in this Construction Services Agreement for changes in work. If Contractor performs any work knowing it to be contrary to such laws, ordinances, rules and regulations, and without such notice to the District's Architect, it shall bear all costs arising therefrom.

49. AGREEMENT MODIFICATIONS

No waiver, alteration or modification of any of the provisions of this Construction Services Agreement shall be binding upon either District or Contractor unless the same shall be in writing and signed by both District and Contractor.

50. NOTICES

All communications in writing between District and Contractor, including without limitation, applications for payment, shall be deemed to have been received by the addressee if delivered to the person for whom they are intended or if sent by registered mail, return receipt requested, or by telex, telegram, or fax followed by regular mail, addressed pursuant to the Notice Section of Article 3.

51. THIRD-PARTY CLAIMS

Pursuant to Public Contract Code section 9201(b) and (c), District shall provide Contractor with timely notification of the receipt of any third-party claim, relating to the Contract. District is entitled to recover its reasonable costs incurred in providing such notification.

52. ASSIGNMENT

Except Contractor's responsibility to assign Subcontractors and material suppliers to District upon Project Completion and the running of the Warranty Period, Contractor shall not assign or sublet the Lease, Sublease or this Construction Services Agreement, nor shall Contractor assign any monies due or to become due to it hereunder. Contractor has unique abilities and understanding of the Project from negotiations and the Due Diligence that has been undertaken and, thus, any assignment will not transfer to the assignee the specific understanding associated with Contractor on this Project.

53. HEADINGS

The headings herein contained are inserted only as a matter of convenience and reference and are not meant to define, limit or describe the scope or intent of the Contract Documents or in any way to affect the terms and provisions set forth herein.

CONTRACT PERFORMANCE BOND
(CALIFORNIA PUBLIC WORK)

KNOW ALL MEN BY THESE PRESENTS:

THAT WHEREAS, the WOODLAND JOINT UNIFIED SCHOOL DISTRICT (sometimes referred to hereinafter as "Obligee") has awarded to _____ (hereinafter designated as the "Principal" or "Contractor"), an agreement for the work described as follows: _____ (hereinafter referred to as the "Public Work"); and

WHEREAS, the work to be performed by the Contractor is more particularly set forth in that certain contract for said Public Work dated _____, (hereinafter referred to as the "Contract"), which Contract is incorporated herein by this reference; and

WHEREAS, the Contractor is required by said Contract to perform the terms thereof and to provide a bond both for the performance and guaranty thereof.

NOW, THEREFORE, we, _____, the undersigned Contractor, as Principal, and _____, a corporation organized and existing under the laws of the State of _____, and duly authorized to transact business under the laws of the State of California, as Surety, are held and firmly bound unto the WOODLAND JOINT UNIFIED SCHOOL DISTRICT in the sum of _____ Dollars (\$ _____), said sum being not less than one hundred percent (100%) of the total amount payable by said Obligee under the terms of said Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors, and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT, if the bounded Contractor, his or her heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions, and agreements in said Contract and any alteration thereof made as therein provided, on his or her part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill guarantees of all materials and workmanship; and indemnify, defend and save harmless the Obligee, its officers and agents, as stipulated in said Contract, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

The Surety, for value received, hereby stipulates and agrees that it shall not be exonerated or released from the obligation of this bond (either by total exoneration or pro tanto) by any change, extension of time, alteration in or addition to the terms of the contract or to the work to be performed there under or the specifications accompanying the same, nor by any change or modification to any terms of payment or extension of time for any payment pertaining or relating to any scheme of work of improvement under the contract. Surety also stipulates and agrees that it shall not be exonerated or released from the obligation of this bond (either by total exoneration or pro tanto) by any overpayment or underpayment by the Obligee that is based upon estimates approved by the Architect. The Surety stipulates and agrees that none of the aforementioned changes, modifications, alterations, additions, extension of time or actions shall in any way affect its obligation on this bond, and it does hereby waive notice of any such changes, modifications, alterations, additions or extension of time to the terms of the contract, or to the work, or the specifications as well notice of any other actions that result in the foregoing.

Whenever Principal shall be, and is declared by the Obligee to be, in default under the Contract, the Surety shall promptly either remedy the default, or shall promptly take over and complete the Contract through its agents or independent contractors, subject to acceptance and approval of such agents or independent contractors by Obligee as hereinafter set forth, in accordance with its terms and conditions and to pay and perform all obligations of Principal under the Contract, including, without limitation, all obligations with respect to warranties, guarantees and the payment of liquidated damages; or, at Obligee's sole discretion and election, Surety shall obtain a bid or bids for completing the Contract in accordance with its terms and conditions, and upon determination by Obligee of the lowest

responsible bidder, arrange for a contract between such bidder and the Obligee and make available as Work progresses (even though there should be a default or succession of defaults under the contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the "balance of the Contract price" (as hereinafter defined), and to pay and perform all obligations of Principal under the Contract, including, without limitation, all obligations with respect to warranties, guarantees and the payment of liquidated damages. The term "balance of the Contract price," as used in this paragraph, shall mean the total amount payable to Principal by the Obligee under the Contract and any modifications thereto, less the amount previously paid by the Obligee to the Principal, less any withholdings by the Obligee allowed under the Contract. Obligee shall not be required or obligated to accept a tender of a completion contractor from the Surety.

Surety expressly agrees that the Obligee may reject any agent or contractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Principal. Unless otherwise agreed by Obligee, in its sole discretion, Surety shall not utilize Principal in completing the Contract nor shall Surety accept a bid from Principal for completion of the work in the event of default by the Principal.

No final settlement between the Obligee and the Contractor shall abridge the right of any beneficiary hereunder, whose claim may be unsatisfied.

The Surety shall remain responsible and liable for all patent and latent defects that arise out of or relate to the Contractor's failure and/or inability to properly complete the Public Work as required by the Contract and the Contract Documents. The obligation of the Surety hereunder shall continue so long as any obligation of the Contractor remains.

Contractor and Surety agree that if the Obligee is required to engage the services of an attorney in connection with enforcement of the bond, Contractor and Surety shall pay Obligee's reasonable attorneys' fees incurred, with or without suit, in addition to the above sum.

In the event suit is brought upon this bond by the Obligee and judgment is recovered, the Surety shall pay all costs incurred by the Obligee in such suit, including reasonable attorneys' fees to be fixed by the Court.
