			<p>School Dashboard: Looked at last year's and this year's school dashboard. Absenteeism was worse last year, in large part because of some incomplete independent study packets. Scores really either maintained or went up, which is impressive given mourning the death of one of our students just when testing happened.</p> <p>LCAP Review: Goal #1 Quality Teaching We have invested money in professional development and planning. Goal #2 Implementation of Common Core Focus on technology and STEM especially. This year students have not been taking the Chromebooks home. Doesn't seem to be as strong as need before. Teachers have been doing more STEAM/STEM activities. Will continue Goals next meeting.</p> <p>School Safety Plan: School Climate Increase Parent Involvement Increase Student Participation and Leadership (now have a student council) Collaboration Between Teachers, Parents and Students Training and Professional Growth for Staff For possible imminent danger of flooding, plan is to climb onto roof if need is present. We don't presently have any wording about this in the document. Barbara will work on a possible wording that we could look at next time.</p>
<p>9. Adjournment (1 min.)</p>		<p>Sara Rademaker</p>	<p>Adjournment at 6:27 p.m. Tentatively the February 26 at 4:30 p.m.</p>
