Woodland Joint Unified School District
Maintenance & Operations
910 College St.
Woodland, CA 95695

ADDENDUM 2 – Effective 11.14.2022

**ROOFING PROJECT
AT
TRANSPORTATION
25 Matmor Rd., Woodland, CA 95776
BID NO: 2022-10-01**

Woodland Joint Unified School District

1. Install new 24-gauge, Kynar coated coping cap on the lower roof on the east side of the building. New single ply base flashing will be extended up and over the wall prior to installing the new coping cap. Coping cap will have 4" outside edge and be installed with a continuous cleat. Inside edge will be minimum 3".
2. Gutter and downspouts on high roof on the north side of the building will be left in place. Gutters on the lower roof on the north side of the building will still be replaced and downspouts will be reused.
3. See attached aerial view for clarification of addendum items.
